

BULL TEAMS ONLY

TEAMS & FORMAT

2 BULLS. 2 RIDES. 1 TEAM.

A contractor-driven competition built around the complete team.

BULL TEAMS ONLY

BUILDING THE TEAM

2 BULLS. 2 RIDES. 1 TEAM.

Each stock contractor enters two bulls and is responsible for the two rider outs that compete for the team.

ONE OR TWO RIDERS

A contractor may use two different riders, or one rider may ride both bulls.

2-RIDE MAXIMUM

No rider may compete in more than two rides per BTO event.

EVERY OUT MATTERS.

Each bull and rider is scored during the out. The performance from both team outs contributes to the team's overall result.

TEAM SCORE

At the end of the competition, teams are ranked by their total team score.

**EVERY BULL. EVERY RIDE. EVERY
POINT.**

CONTRACTOR-DRIVEN

THE CONTRACTOR BUILDS THE TEAM.

The stock contractor enters the team, brings the two competition bulls and secures the rider or riders who will compete on those bulls.

That is what makes BTO contractor-driven. The contractor is not simply providing livestock for an event - the contractor is building a team to compete.

WHO CAN ENTER?

Anyone can enter a BTO bull team.*

*Entry requirements, fees and event-specific rules may vary by event.

BULL TEAMS ONLY

THE 8-POINT BONUS

Some BTO events feature the 8-Point Bonus. When both rider outs result in qualified rides, eight points are added to the team's score.

NOT EVERY EVENT USES THE BONUS FORMAT.

EVENT-SPECIFIC FORMAT

BTO may adjust competition format, entry requirements, payouts or bonus structure for individual events. Always refer to the official event information for the specific competition being entered.

2 BULLS. 2 RIDES. 1 TEAM.

BULL TEAMS ONLY

EVERY OUT MATTERS.
